The Newsletter of the Ames Camera Club -- Ames, Iowa

Volume 14, Issue 5

January, 2007

## Notes from the President

In December Patty Trom-Bird described her sports photography for Ames schools. She uses Canon 5D and 20D bodies with 85 mm and 200 mm f/1.8 prime lenses in order to shoot by available light. You can see her photos at:

[www.shutterfly.com/pro/trombirdphotos/bball](http://www.shutterfly.com/pro/trombirdphotos/bball)

Parents and friends order prints from the website so Patty doesn't have to deal with that. She also combines images to make posters, using Microsoft Digital Image Suite 2006. Copyworks prints them.

For general advice on methods and equipment, she recommends [www.sportsshooter.com](http://www.sportsshooter.com) Patty's program drew the largest audience in years!

Next ACC meeting is January 11 at 7 p.m. in the Community Room of the Ames Public Library.

Ken Johnson of Ankeny is an N4C Director and is in charge of the monthly digital slide (e-mail) photo contest. He'll demonstrate how to prepare a photo for entry, how scoring is done, and show some past winners. He'll also answer general questions about N4C activities. Ken is a member of the Central Iowa Camera Club (Marshalltown) and the Des Moines Camera Club.
